

## Media Consent

From time to time your tutor may want to record activities in your session, or the work you have done (e.g. photos, audio or video recording) some photographs/recording of activities in the session or any of the work that you have done. These may be used for displays at events (sometimes formal ones), for marketing and to show to new learners. Your tutor will ask you to complete the Learner Induction Declaration in class. Recording may take place on several occasions. Please feel free to say if you do not want to participate.
